

Frequently Asked Questions – Kindy or Sessional? (long day care kindergarten or sessional kindergarten)

Kindergarten program importance?

The Kindergarten curriculum aims to provide your child not only with the essential skills for a seamless school transition but also with lifelong abilities. Bright Days Early Education offers an official Government-funded and approved kindergarten program, overseen by early childhood teachers with Bachelor's training, during the two years preceding school entry. These initiatives are seamlessly incorporated into extended day care hours, offering families the convenience to balance work demands.

Sessional (15 hours a week)	Our Kinder (12 hours every day)
<p>Won't meet all your child's needs</p> <p>Sessional will concentrate solely on a handful of your child's strengths and lack the necessary resources and time to address their challenges or requirements. The restricted hours of interaction result in limited chances for support. These sessions prioritise socialisation over education.</p>	<p>We will meet all your child's needs</p> <p>Our proactive aim is to foster your child's emotional resilience, sense of control, and other essential foundations for crucial home, family, and life abilities. In essence, a sessional Kindergarten encompasses merely 15 hours weekly, typically spread across two or three days, with predetermined time slots for each session. These programs might unexpectedly cease operations, for instance, due to teacher illness, and remain inactive during School Holidays and all public holidays. Attendance is compulsory, with no provisions for absences or refunds.</p>	<p>Fully flexible – drop-off and pick-up any time</p> <p>Our comprehensive Kindergarten program operates throughout the entire day, spanning 12 hours. <p>Guaranteed entry to School position!</p> <p>Sessional Kindergartens linked to schools may imply that your child can seamlessly transition into their Prep class for the following year. The standard school enrolment procedure will still apply.</p>	<p>We will get your child School Ready! and then some</p> <p>Your child will receive education at an advanced level and experience heightened emotional and social development through our program.
